

When parking, please take the **FIRST AVAILABLE SPACE!** We have a lot of cars to fit in our limited spaces, so do not waste space! Green areas indicate available parking. Gravel parking, street parking, the parking lot near the BMV, and our overflow grass area (only when dry!) are all we have available to our program.

Blue Boxes indicate extra training areas should we need teams to stay off the lined fields. These areas will likely be wet/muddy, but we'd prefer these get damaged over our game fields.

Construction Area, KEEP OFF for safety

Toilets and Shelter next to Overflow Parking on the concrete pad. Additional toilet by U7 fields starting 2024.

Construction Area, KEEP OFF for safety

NO PARKING

Overflow Parking Only

There is to be no parking at the Eagles Lodge, including the service drive. Do not park in either the apartments or the neighborhood behind the park either. We have had complaints and suggestions of cars getting towed. Please be courteous and cautious.
